Why WAVE 1?

- *Reports* by our customers reinforce the lessening of Lyme and Co-Infections symptoms.
- *Focuses* on balancing and restoring the body's own cells, tissues, organs and systems, in a safe, gentle, non-invasive approach. There are no side effects.
- *Enhances* a cells' ability to communicate with other cells, tissues and organs. It is commonly known that frequencies have bioregulatory effects which can be seen in such examples as circadian rhythms in humans, mating behaviors in animals and growth and repair in plants.
- *Allows* for device customization on a daily basis through the complementary WAVE Assistant App. Encourages individuals to personalize settings based on their own physical needs, with a goal to stimulate the body's optimal functioning.
- *Offers* all users an initial 90 day protocol to gradually introduce the WAVE 1 experience, and includes 12 support emails helping to build best practices for a lifetime of wellness.
- *Supports* a user-friendly protocol with an opportunity to defer for longer periods during each 30 day phase. The complete 90 day protocol includes a gradual process of different frequencies to address Detox, Lyme and Co-infections as well as the reduction in symptoms relating to Bacterial, Viral, Parasitic and Fungal co-infections seen with this disease.
- *Tunes* body and mind for a better state of being, lessens mood swings, improves sleep, sharpens mental acuity, and mental function as well as increases energy every day.
- *Incorporates* into any lifestyle, as a light weight mobile wearable, allowing anyone to take WAVE 1's ground breaking technology, anywhere, anytime, on-the-go.
